NOTICE.

The Journal's Want Advertising has increased to such an extent that it now becomes necessary to run that department of the paper on a strictly cash basis. The Want Advertising is run so cheap, and the accounts, scattered among hundreds of persons, are even in themselves so small, that the expense of the book-keeping and collecting for this department exceeds all its profits.

Therefore, beginning January 1, all Want Advertising must be paid cash in advance, as no accounts will be kept for that department.

TERSELY TOLD.

Mobile Item: "Mr. M. A. Quina, one of the leading business men of Pensacola, Fla., spent yesterday in the city."

Mr. and Mrs. B. M. Clendering, of Cincinnati, are among the visitors in the city who are registered guests of the Esplanade.

Prof. J. B. Locke, of Public School No. 1, who has been spending the holidays in Jackson county with relatives, has returned to the city.

There will be a meeting of Camp Ward, U. C. V., to-night at 7:30 o'clock at the office of N. B. Cook. All members are urged to attend, as officers for the ensuing year will be elected and other matters of special interest will be acted upon. Boykin Jones, Adjutant.

Mr. and Mrs. Underhill, William Underhill and Frankie Underhill, of Austin, Minn., reached the city Sunday afternoon and are the guests of their relatives, Capt. and Mrs. Broadbent, at the life saving station, where they will spend the winter. Mr. Underhill is one of the oldest and most popular engineers in Minnesota.

Fred Moore, one of the best known baseball players in Florida, who played in the Cotton States League last year, has signed to play with the Birmingham Club of the Southern League and will report to that club when the season arrives. Moore made a reputation during the past season as being the fastest second baseman in the Cotton States League, and was drafted by Manager Fisher of Nashville. He had, however, already signed a contract with Manager Harry Vaughn of Birmingham, and not being under reservation could not be drafted by Fisher. His many friends in Pensacola are sure that he will make good in the Southern League.

TO LIFE SAVING STATION.
Captain Bennie Edmundson will make a special trip this morning to the life saving station in order to accommodate those who desire to pay a visit to the place. The boat will leave the wharf promptly at 10 a. m.

New Suits Filed.
The following new suit was filed yesterday in the office of the clerk of the circuit court:
Lucinda Johnson, et al. vs. Henry King, damages \$250; R. P. Reese, attorney for plaintiff.

NOTICE M. E. A., NO. 81.
Regular meeting Wednesday evening 7:30 p. m. Installation of officers for the ensuing term and other important business.
A. G. FELL, President.
J. L. SWENNEY, Secretary.

**SPECIAL TRIP TO
LIFE SAVING STATION.**
This morning Bennie Edmundson goes to advertise for a job in this life saving station. Cheap rates.

THE TRAINING SHIP SQUADRON

MOST OF THE VESSELS OF THE
SQUADRON WILL BE DOCK-
ED AND REPAIRED
HERE.

The Army and Navy Register is authority for the statement that most of the vessels comprising the Atlantic Training Squadron will be docked in Pensacola during this year. The paper, which is an authority on naval news, in speaking of the Columbia going to New Orleans, and the fact that considerable repairs are to be made to the Training Squadron at Pensacola, says:

"Orders have been issued for docking the cruiser Columbia at New Orleans January 12. The navy department has also been much criticized because the Columbia did not go to New Orleans for Secretary Taft when the secretary went to the isthmus. As a matter of fact the department is naturally cautious about sending large ships to New Orleans, and as the dock is of no real service to the navy, it is frequently used to dock merchant ships. Pensacola is a more convenient place to repair ships and there is no doubt as to the depth of water. Most of the ships of the Training Squadron will probably be docked at Pensacola."

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

A Good Night's Rest.
The greatest tonic on earth is a good night's rest. Restless nights and the terrible exhaustion of a hacking cough are dread dangers of the poor consumptive. But why this fear of the night when a few doses of Dr. Boschee's German Syrup will insure refreshing sleep, entirely free from cough or night sweat? Free expectation is the morning is made certain by taking German Syrup. It has cured consumption for forty years. Trial bottle, 25c. Big bottle, 75c. At all druggists.

AMUSEMENTS.

LAST NIGHT'S PLAY.

A well-staged performance is what "Woman Against Woman," was said to be by the large and appreciative audience who attended the opera house last night. In the title role Miss Carter excelled and carried the hearts of her audience through every line she uttered. Miss Carter's part was a difficult one, and one requiring intense emotion of several varieties. She proved to be a general favorite. At to-night's performance ladies will be admitted free.

"BEN-HUR."

Klaw & Erlanger's world famous spectacular production of Gen. Lew Wallace's novel, "Ben-Hur," will be staged at the New Mobile Theatre, Mobile, Ala., the entire week of January 9 to 14. Nothing more beautiful, inspiring, spiritual and edifying than "Healing of the Lepers" in the last act of this stupendous spectacle has ever been offered on the stage of an American theatre. At this point this great play is truly at its very high sense "religious." Here the stage seems to have consecrated itself and all its resources to the service of Christianity, and there is nothing that is not reverent, beautiful and altogether fitting in its service. This scene and the widely advertised chariot race in the act preceding it are the greatest special features of the play, which give it much of its wonderful value and extraordinary power.

If the American drama had done absolutely nothing worthy in its long career but this—had its fame to rest solely upon this noble product of Messrs. Klaw & Erlanger—it has justified its existence, for in this at least it has shown that the stage may be given over to uses wholly worthy, highly commendable and which cannot fail to exert the greatest possible blessing on mankind—that of bringing home with immense force and dignity the eternal truth and verity of the birth into the world of Jesus, the Savior of mankind.

"To every man, no matter what his condition, 'Ben-Hur' has its appeal. It appeals to the deep-grained, firm-rooted religious feeling in the human heart, and brings back with directness the simple lessons and divine truths that every man born in a Christian land learned at his mother's knee."

Forced to Concede.
B. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Buckler's Arnica Salve. It's great for burns, cuts and wounds. At all drug stores; only 25c."

Wouldn't Eat Eels.
A well known naturalist tells of an experience in the Hebrides last summer. "We saw great numbers of eels actually leaving the sea and ascending a small clear stream which formed the outlet to a shallow loch," he writes. "They varied in size from mere threads to specimens weighing two to three pounds each. The migration continued for a whole week, and one day we succeeded in capturing half a score about fifty yards away from high tide mark. These were offered to a highland shepherd, who with a shrug and a grimace, said, 'Och, sir, I would liefer eat snakes.'"

Mr. Wm. S. Crane, of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. This liniment is for sale by all druggists.

WILL SERVE FOUR YEARS

RICHARD DOUGLASS SENTENCED
TO SERVE THIS TIME IN THE
STATE PENITENTIARY.

Richard Douglass, colored, who was convicted last week of having committed manslaughter, was yesterday sentenced to serve a term of four years in the state penitentiary.

Douglass is the man who killed a negro employed at the Bay Hotel several months ago by shooting him a number of times with a revolver. The negro had assaulted Douglass the day previous and the latter after brooding over the matter purchased a revolver and went to the hotel where he shot the man.

The trial occupied three days in the circuit court, and the jury returned a verdict of manslaughter after remaining out for only a short while.

If you have dizziness in the head, weak back and experience a lazy, indifferent feeling, it means that your liver is out of order, and to set your right, try a dose three times a day of Bitter Apple Bitters and the trouble will all leave you.

A CARD OF THANKS.
The operators of the Southern Bell Telephone & Telegraph Co., wish to extend their thanks to each and every subscriber who has so kindly remembered them with gifts during the holidays. These kind testimonials have completely healed the stabs and cross words when the "busy now" is given. Again extending our heartfelt thanks we beg to remain,
Sincerely yours,
OPRS. SOU. B. TEL. & TEL. CO.

OLD FIRM UNDER NEW MANAGEMENT.

The Merchants Transfer Company, although an old concern, is now under new management—Messrs. Ellis Frater and Thor Thorsen, having purchased the business interest a few weeks ago. Both these young gentlemen will give it all of their time and attention, and it is their aim to increase the capacity of the company in every way. Special attention will be given to heavy hauling. Safes, machinery and heavy refrigerators will be transferred under absolute guarantee against damage. Light hauling, freight, baggage, etc., is also solicited.

MARRIAGE OF EDDIE TOUART AND MISS SADIE HAUTEMAN.

Mr. Eddie Touart and Miss Sadie Hauteman slipped off Saturday and went to Milton, where they were quietly married by Judge Holly in his office, late that afternoon.

The bride was a school girl, not yet sixteen and her parents, Mr. and Mrs. J. H. Hauteman of East Intendencia, were surprised when they first heard the rumor of an elopement and made an effort by wire to prevent the ceremony, but were too late.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time.

It must be apparent to any person, therefore, that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect." Sold by leading druggists. For sale by W. A. D'Alemberte, druggist and apothecary, 121 S. Palafox. Send 10 cents in stamps for sample to The Herpicide Company, Detroit, Mich.

OVER 5,000 ARRESTS MADE

DURING THE PAST YEAR BY THE
POLICE DEPARTMENT IN
THIS CITY.

Over five thousand arrests were made during the year 1904 by the police department of Pensacola. This number of arrests far exceeds that of any previous year, and Marshal Schall is, as a consequence, proud of the record made by the officers who are under his control.

Not only does the number of arrests exceed that of any previous year, but also the amount of fines imposed and collected, which reflects credit upon the marshal and the entire police department. The actual number of arrests during 1904 numbered 5,527, while those of the year previous reached only 4,590, making an increase of nearly 1,000 over the year 1903.

The December record was also a record breaker, as 713 arrests were made. Of this number there were quite a number of parties arrested for carrying concealed weapons, but in several instances the parties arrested held licenses from the county for carrying weapons and the police authorities were powerless to impose or collect fines from them.

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Pottsville, Mich. They are easy to take and always give satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint. For sale by all druggists.

Carry Your Own Pillow.

Many people when away from home find it difficult to sleep well in a strange bed and arise in the morning with a sense of having passed a decidedly unsatisfactory night. An old railway official, who ought to know, says the trouble is all in the pillow. It's the pillow first, last and always. He has slept in many lands and under all imaginable conditions and years ago came to the conclusion that with one's own pillow at hand it mattered little about the bed. On an extended tour he always takes his pillow with him, stowing it carefully at the bottom of the trunk for future reference. "If I could start life over again," he says, "I would learn to sleep without a pillow (the only proper way), but the art must be acquired during childhood. The next best thing is your own pillow wherever possible. Try it and be convinced.—Philadelphia Record.

Indian Territory Farm Land.

The available farm land in Indian Territory is estimated at 15,000,000 acres. These figures are taken from the records of the Dawes commission. Of this 15 per cent was in cultivation last year. There are about 2,000,000 acres of land where pine is found in commercial quantities, and there is an abundance of hardwoods of all kinds. The latest statistics obtainable give the value of farm animals at \$55,000,000. The per cent of the population engaged in agriculture is exceeded in only three states—Mississippi, Oklahoma and Arkansas.

The Weathercock.

The effigy of the cock so often seen on church steeples is usually connected with a legend in connection with St. Peter. As a matter of fact, however, the figure of a cock used to be placed on the tops of sacred trees long before it was used on buildings. The movement of the bird in the breeze was supposed by the superstitious to ward off evil spirits. On a number of modern churches the familiar vane is missing, but in days gone by a church was hardly ever built without the weathercock on its steeple.—London Standard.

Garden Lanterns.

The noted Japanese gardens, famous for their beauty, owe much of their charm to the quaint lanterns which are used in great profusion. The best of their garden lanterns are made of bronze after quaint native designs. Some of them are richly carved and are of great intrinsic value. Many of these lanterns are of great antiquity, and the best examples are seen at Nikko, famous for its exquisite bronzes.
